

Ulmo

7" Tablet PC Waterproof, Drop Resistant and High Performance

Introducing the new 7" capacitive touch display waterproof media tablet from MITAC. The Ulmo has been designed to meet the waterproof standards of underwater 1 meter whilst also being drop resistant. With its detailed industrial and mechanical design, the Ulmo keeps the high performance media tablet in a fashionable and durable housing which is great for outdoor activities. For a better audio and video experience, Ulmo allows users to experience high definition (HD) content on the device. With the provision of 1080p HD video playback and stereo speakers and using the High Definition output port, it can display content on larger HD screens.

- High performance media tablet with waterproof performance.
- Drop resistant from 76cm
- 1Ghz Cortex Processor with Flash 10 support for a total browser experience
- Dual Cameras with flash light for taking photos and video conferencing
- Stereo Speakers for high quality audio playback
- 7" capacitive touch screen tablet for great mobility
- True HD 1080P Video Playback & Output
- Android ready
- High capacity battery for an entire days use
