Description:

A sofa with heart...

This ingeniously simple modular sofa has been further developed with a super-simple finishing module shaped like half a HEART module. There are many ways to use and combine this module with the sofa. It can be used to put the finishing touch to the sofa in the form of a backrest, a pouf or even a table, as we have also designed a tray table in frosted acrylic that fits the module.

Function:

The chair can be used either as a chair with back rest or the removable back rest can be assembled so that the chair can be converted into a large pouf / sitting element 75 x 133 cm.

The elements can be combined with a help of a Velcro that is mounted under the elements.

By combining the different elements with two, three or more the individual sitting facility is created.

The elements can be easily put together or separated to get new combinations.

Removable covers for cleaning and changing.

Sales Arguments:

Elegant lines.
